

AMENDMENTS TO THE DRAWINGS

Figures 1-6, 8, 10, 11, 13A-13G of the drawings have been objected to as having poor line quality. Proposed drawings are provided herewith for consideration. The Applicant has submitted copies of the attached drawings to Ms. Gray in the Draftperson's Office via facsimile. Upon review of the facsimile, Ms. Gray indicated that the proposed drawings appeared to overcome the objections. Some distortions were noted by Ms. Gray, however such distortions appeared to be caused by the facsimile copy.

No new matter has been introduced by these changes to the drawings.
